
APPRENTICESHIPS

2.5 - 10 Credits Semester Unweighted

Prerequisite: Seniors who have completed two years of advanced technical training.

Apprenticeships are available for Vocational students who have completed at least two years full time in their chosen area. These students must work in a field related to their Vocational area under the supervision and direction of a professional in that field. Credit is based on hours documented by their employer. Approval of their guidance counselor and the Vocational Director is mandatory for participation in this program.
